Vienna, April 2010

Foreword Welcome to Austria

Are you interested in studying in Austria?

Because of its rich cultural past and present Austria is cherished by people all over the world.

The varied landscape is of great importance for tourism, there are many skiing resorts; in the summer there are lots of opportunities for hiking and climbing or for water sports on the numerous lakes.

Other factors for a stay in Austria are the great social security, the economic stability and the great hospitality of the Austrians.

The Austrian educational system offers you a broad spectrum of educational opportunities. This is why Austria is an ideal place for studying and living.

This new edition of the ›Study in Austria‹ brochure will provide a general overview and serve as a basic guide: By providing information about entry and residence regulations, general conditions for admission and necessary steps to take after arrival in Austria we want to help you plan your studies in Austria.

In this publication you will find tables of the degree programmes at the Austrian universities and universities of applied sciences. Further information about application requirements and procedures is available from the institutions mentioned in this brochure.

General information about Austria is available from the Austrian representative authorities (embassies, consulates) and Austrian cultural forums¹, Austrian tourist offices² and Austrian commercial attachés³.

Detailed information concerning the opportunities in the field of higher education in Austria can also be found at:

www.bmwf.gv.at (homepage of the Austrian Federal Ministry of Science and Research), www.studyguide.at (guide to all Austrian universities and universities of applied sciences) or www.studienwahl.at.

The information from this brochure along with numerous additional references and links can also be found on the homepage of the OeAD-GmbH (OeAD [Österreichische Austauschdienst]-Gesellschaft mit beschränkter Haftung – Austrian Agency for International Cooperation in Education and Research) www.oead.at.

Institutions of Higher Education in Austria*

Universities and Universities of the Arts

Apart from the ›classical‹ universities, which offer a wide variety of disciplines, there are a number of specialist universities as well as a university centre for postgraduate education.

Austria's **six universities of the arts** offer programmes in music and drama or in the visual arts and design.

The **usual language of instruction is German**, some programmes are offered in English, see:

www.oead.at/international-programmes

The total number of students is approximately 327,400 (of whom international students: 69,700).

* for addresses see appendix

¹ Austrian bachelor programmes, university level courses with school leaving certificate as prerequisite for admission, Fachhochschule bachelor programmes and undergraduate programmes at private universities are recognised as undergraduate studies /ISCED 5A; diploma degree programmes, master programmes, university level courses with completed bachelor degree as prerequisite for admission, Fachhochschule diploma programmes, Fachhochschule master programmes, graduate programmes at private universities as graduate studies /ISCED 5A and doctoral (PhD) programmes, licentiate and doctoral programmes at private universities, university level courses with completed diploma degree or master degree as prerequisite for admission as postgraduate studies /ISCED 6.

Academic calendar

The academic year in Austria as a rule begins on October 1st and ends on September 30th of the following year. It consists of:

- **winter semester**
(October 1st to January 30th),
- **summer semester**
(March 1st to September 30th)

and periods during which no lectures are held (**Christmas, semester and summer breaks**). (Exceptions from this schedule are possible; please enquire at the educational institution of your choice.)

Structure of study programmes¹

In the last few years the Austrian university system has introduced the **European three-tier system of degrees** according to the Bologna process.

Besides, the **old two-tier system still exists** in some subjects areas and universities (for example medicine).

Bachelor and master study programmes

Most degree programmes are divided into

- **bachelor studies**, which conclude with the degree of Bachelor.
Duration: **3 years**
- **master studies**, which require the successful completion of a bachelor study programme and conclude with the academic degree of Master.
Duration: **2 years**

Doctoral studies (PhD)

Doctoral studies are based on the successful completion of diploma or master degree programmes and are conceived to demonstrate the **ability of autonomous research**. They conclude with the degree of Doktor(in).
Duration: **2 or more years**.

Traditional diploma programmes

These programmes conclude with the award of a diploma: Magistra or Magister in most disciplines or Diplomingenieur(in) for engineers. Duration: **4–6 years**.

University Training Courses University Level Courses Universitätslehrgänge

University training/level courses are **further education courses** at universities.

There are various levels (undergraduates – postgraduates). Very often they last **2–4 semesters**. The contents, goals, structure and duration of these courses are determined by the universities, which are responsible for the individual curricula and can provide information about these opportunities. Upon the completion of postgraduate university courses academic titles such as **Master of Advanced Studies (MAS)** or **Master of Business Administration (MBA)**, among others, may be conferred. An overview of the courses on offer can be found at:
www.bmwf.gv.at/wissenschaft/national/studieren_in_oesterreich/universitaeten/weiterbildung.

Universities of Applied Sciences (UAS) Fachhochschulen (FH)

Universities of Applied Sciences offer their students professional-oriented higher education. This is reflected in their curricula, which include mandatory career-oriented practical training units or job-based internships. The **number of students** per year and programme is **limited**, and for this reason most of the programmes have an **entrance procedure** which has to be successfully completed.

UAS offer full-time and part-time study programmes. **Part-time programmes** are designed for working students and take their specific situation into account. For the completion of all UAS programmes a relevant thesis and an examination are required.

The academic degrees awarded are **Bachelor** and **Master**. In the technical fields there is Master of Science or Diplomingenieur(in) (equivalent to a Master of Science) awarded. Graduates of UAS Master's programmes may enrol in doctoral programmes at universities. In line with the Bologna Process Universities of Applied Sciences offer Bachelor's and Master's programmes since 2003.

- UAS bachelor study programmes:
3 years Bachelor
- UAS master study programmes:
1–2 years Master

The University of Applied Sciences is a relatively young type of tertiary education compared to universities. It is mainly financed by the Federal Government.

The first degree programmes were established in 1994/95. At present (i.e. in the 2009/10 academic year) **315 UAS degree programmes** in areas such as Business, Engineering and IT, Social Sciences, Law, Media and Design, Health Sciences and Cultural Sciences are offered by 20 institutions (see list on page 58). About **30 degree programmes** are offered entirely **in English**.

The total number of students is approximately 36,000. 12% of the students go abroad for a period of study or a professional placement.

University Colleges of Teacher Education

The Austrian University Colleges of Teacher education offer a **three-year** (six semester) **Bachelor of Education (BEd)** degree in combination with a teaching qualification for primary, secondary or special needs schools. Some of them also offer BEd degrees for polytechnic schools and for teaching religious education. The University College of Agriculture and Environment offers a Bachelor of Education in combination with a qualification for teaching in schools of agriculture.

Graduates of higher secondary education are accepted at the University Colleges after going through a screening procedure and after successfully completing a four-week information period.

The study programme comprises courses in educational science, subject studies relevant for the respective teaching qualification and practical school experience.

There are nine state-run University Colleges e.g. in Lower Austria, Upper Austria, Salzburg, Tyrol, Styria, Vorarlberg, Carinthia and two in Vienna and five private ones maintained by the dioceses of Graz, Innsbruck, Linz and Vienna and by a foundation in Burgenland.

Private Universities

Austrian private universities offer innovative and high quality education and provide students with personal attention at the highest academic level. Continuous internal and external evaluation of teaching and research as well as active promotion of the arts assure constant university quality development.

The Austrian private universities refine existing and establish new degree programmes based on current and future educational needs.

Periodic external re-accreditation reviews supplement internal quality management and provide graduates with excellent chances for their future careers.

The Conference of Austrian Private Universities (OePUK) serves as official representative for its members both in Austria and abroad.

The curricula of the Austrian private universities as well as the academic degrees awarded by them differ from university to university.

Information about these institutions and their programmes is available on the homepage of the Federal Ministry of Science and Research (BMWF) and from the private universities directly.

www.bmwf.gv.at

www.akkreditierungsrat.at

Studying and Residence in Austria

Application for Admission to Study in Austria

You have to send the **application and necessary documents** to the university, the university of applied sciences (Fachhochschule / UAS) or the UAS degree programme (applications submitted to the Austrian representative authorities will be forwarded to the educational institution – applications must arrive at the university on time, please bear in mind that forwarding may take some time; submission of the application at the representative authority does not extend the deadlines!). Some universities offer a **›registration of data‹ via Internet** and will then send specific information to you via e-mail.

Closing dates/ deadlines

→ **Universities:** All documents have to arrive at the Austrian university by **September 1st** for the winter semester and **February 1st** for the summer semester. These **deadlines cannot be extended**. Since it takes a while to process the applications it is advisable that you submit the application as early as possible.

For **foreigners who ›have the same status as Austrians¹** and for **nationals of EU and EEA member countries** as well as for **Swiss nationals** the **general application deadlines** of each university (approx. mid/end of October for the winter semester and mid/end of March for the summer semester, depending on the individual universities) and an **additional application period (November**

30th for the winter semester, **April 30th** for the summer semester, **higher tuition fees!**) apply.

→ **Programmes with entrance examination** (e.g. Medical universities, universities of the arts, UAS degree programmes): Please **enquire in good time about** application deadlines, special requirements and dates for the entrance examinations! (**Closing date** for application for entrance examinations can be **up to 6 months before** the beginning of the semester).

Necessary requirements:²

→ **1. Application for admission:** on **university application form** (can be downloaded from the universities' homepages or else the universities will send it to you), stating the discipline you wish to study.

¹ diplomatic staff; spouses and children of accredited foreign correspondents; persons who themselves or those liable for their support have had their centre of life in Austria for at least 5 years immediately prior to application; certain recipients of grants; holders of school leaving certificates of Austrian schools abroad; statutory acknowledged refugees.

² The requirements for admission to University Training Courses / University Level Courses differ from course to course and should be enquired about at the individual courses.

→ **2. Proof of nationality** in combination with an **official ID document with photo** or **valid travel document**.

→ **3. General university entrance qualification:**

→ for **bachelor and diploma** degree studies: secondary school leaving certificate³ or equivalent

→ for **master** studies: bachelor or equivalent degree

→ for **doctoral** studies: diploma, master or equivalent degree

→ **4. Specific university entrance qualification** (for universities):

proof of the **right to direct admission** to study the chosen field and level of study in the country in which the document qualifying for university studies was issued (not applicable to EU/EEA citizens).

The groups of persons specified in footnote 1 will not need such a proof for bachelor and diploma degree studies.

In **some study programmes**, e.g. medicine, dentistry, veterinary medicine, psychology

³ If the foreign certificate is not fully equivalent to the Austrian school leaving certificate, the Austrian university will prescribe supplementary examinations, which have to be passed before admission to degree programme studies. Austria has concluded agreements of equivalence of school leaving certificates with several countries. Further information is available from the Austrian universities or NARIC (National Academic Recognition Information Centre).

the rector's office of the university may **limit admissions** either by introducing an entrance examination before admission or by carrying out a selection procedure until two semesters after admission (detailed information is available from the universities concerned).

→ **5. For many programmes proof of proficiency in German** is necessary and should also be included in the application documents, if available (e.g. German examination within the school leaving examination, language course diplomas). See [›German language courses‹](#) on page 16.

Foreign documents have to be presented in the **original** (or legalised copies) and have to be **legalised**⁴. If documents are drawn up in languages other than German, **legalised translations** have to be added, translations done abroad also have to be legalised.

⁴ Legalisation is done by the Ministry for Foreign Affairs of the individual countries and then by the Austrian representative authority in that country or – after prior legalisation by the representative authority in Austria of the country of issue of the document – by the Austrian Ministry for Foreign Affairs (legalisation office) (only for original documents). Documents from certain countries either require only an apostille or no legalisation at all. Detailed information is available from the Austrian representative authorities.

Universities of the arts and UAS degree programmes often do not require proof of the general or specific university entrance qualification; instead, prospective students have to pass an **entrance examination** or produce proof of relevant professional qualification. Information about the prerequisites (these differ from one institution to the other) is available from the universities of the arts, the universities of applied sciences and UAS degree programmes.

If all prerequisites are met, the educational institution will send the **notification of admission** or the invitation to sit an **entrance examination** to the address specified by the applicant. Students may be admitted as degree programme students or – if supplementary examinations are required and in the case of university training courses / university level courses (**Universitätslehrgänge**) – as non-degree programme students. On arrival in Austria students have to **enrol in person** with the university or UAS degree programme.

Entry and Residence Conditions

a) Nationals of EU and EEA member countries as well as Swiss nationals do not need visas or residence permits. When staying in Austria for **longer than 3 months** they, however, have to apply for a **confirmation of registration** (Anmeldebescheinigung at the **immigration office** (Landeshauptmann, Magistrat, Bezirkshauptmannschaft) within 3 months of entry to Austria.

b) **Other foreigners** have, if they are staying for **longer than 6 months**, to apply for a residence permit for study purposes (**Aufenthaltsbewilligung Studierende**)⁵ at the Austrian representative authority **before entry to Austria** after receipt of the notification of admission. The application will be sent to Austria and the decision has to be awaited in one's home country (therefore the application should be submitted at least **3 months before** the intended arrival in Austria). **Exception:** Applicants who are allowed to enter Austria **without a visa** (information about this is available from the Austrian embassies) may apply for and receive the residence permit from the Immigration Office once they are in Austria.

⁵ For stays of up to 6 months maximum a visa is sufficient, this, however, cannot be renewed in Austria.

The following documents
have to be submitted:

- 1. a fully completed and signed **application form** (available from the representative authority; can also be downloaded from the Internet)
- 2. **valid passport** (must be valid for the whole duration of your stay in Austria)
- 3. passport-sized **colour photograph** (between 3.5 x 4.5 cm and 4.0 x 5.0 cm)
- 4. **birth certificate**⁶
- 5. **certificate of good conduct** (where available)
- 6. **health insurance** for the period of entry to beginning of study (see ›Health insurance for students‹)
- 7. **notification of admission** of the Austrian educational institution
- 8. **proof of sufficient financial means** to cover one's living costs for 12 months in advance (for students up to 24 years of age: **€ 432.97/month**; for students over 24 years of age: **€ 783.99/month** (these amounts contain the rent for accommodation of up to € 246.80 in 2010), e.g.: savings bank book / account in Austria / declaration of guarantee of a person living in Austria / Travellers Cheques)
- 9. **proof of accommodation** (rental agreement, accommodation agreement with a student hall of residence).
The issue of the residence permit is subject to a fee (€ 110.-), additional fees may be applicable.

If you have to sit an **entrance examination at an Austrian university of the arts**, the procedure for students who may not enter Austria without a visa will be the following:

- 1. On the basis of your application the university will issue a conditional letter of admission (**bedingter Zulassungsbescheid**). Together with the conditional letter of admission and all other necessary documents you have to apply for a residence permit at the competent Austrian **representation authority**. Since the processing of the application has to be awaited in your home country you should apply at least **three months before** the scheduled entrance examination. Sufficient financial means and accommodation have to be shown credibly, e.g. confirmation of alimony payments of parents, preliminary rental contract, reservation of a room in a student dormitory.
- 2. In case the Austrian authority approves of your residence permit application you can apply for a **visa D** to travel to Austria. The visa D will be issued for **4 months**. The visa allows you to come to Austria to take part in the entrance exam.
- 3. If you pass the entrance exam you have to provide the letter of admission

⁶For legalisation and translation of documents see above

... no
housing
stress!

The OeAD Housing Office provides accommodation in flats and student halls of residence for recipients of OeAD grants, for Erasmus students, visiting lecturers and guests.

Particularly in the summer months (July – September) we have free capacities even for large groups (~ 200 places). Prices on request.

Examples: Guesthouse of the Vienna Universities & Universities of Applied Sciences, 1020 Vienna, Molkereistraße 1: 252 single rooms in two-, three- or four-room units, 24 one-room units; 2 double rooms; flats fully furnished; TV sets, internet and telephone in the room; table tennis; bicycle store room; laundry; centrally located; close to the Prater.

Guesthouse of the Vienna Universities / Universities of Applied Sciences, 1110 Vienna, Simmeringer Hauptstraße 143: 110 single rooms in two-, three- or four-room units; fully furnished; TV sets, internet & telephone in the room; table tennis; bicycle store room; laundry; close to U3 (Simmering).

For other flats look on our Homepage!

→ OeAD-Wohnraumverwaltungs GmbH
Alser Straße 4/1/1/3, 1090 Vienna
housing@oead.at

(Zulassungsbescheid / Aufnahmebestätigung) and documents that prove sufficient financial means and accommodation to the competent Austrian authority to get your residence permit. You have to pick up your residence permit within the validity period of your visa!

Students who may enter Austria without a visa may sit the exam without a visa and may apply afterwards for their residence permit in Austria within their visa-free stay.

Family members of students

In case of spouses or minors accompanying the student a **separate application for each person** must be submitted. Proof of adequate health insurance, accommodation in Austria and a separate document showing the financing of the stay in Austria must be produced for the whole family (€ 1,175.45 per month for couples, € 82.16 per month per child in 2010). Family members are **not allowed to take up gainful employment** in Austria.

Important notice: Entering Austria with a **tourist visa** (visa C) is not recommended because with such a visa you cannot apply for a residence permit in Austria. A visa cannot be renewed in Austria.

For a **renewal of the residence permit** an additional confirmation of the successful course of study (Studienersolgsnachweis) is necessary: examinations equalling 8 hours/week or 16 ECTS credits per academic year.

Accommodation

The Austrian Exchange Service (OeAD) and the Austrian Student Union (Österreichische Hochschülerschaft / ÖH) offer reasonably priced accommodation for students. For details consult:

OeAD: www.oead.at/housing

ÖH: www.oeh.at

Youth hostels: www.oejhv.or.at

The International Offices of the universities provide help in finding private accommodation.

Registration

In Austria it is compulsory to **register with the municipal authorities** (Meldeamt: Gemeindeamt, Magistratisches Bezirksamt) **within three working days** of entering the country. For this you need a registration form (**Meldezettel**, available from the registration offices or from the Internet), which must be completed by you and signed by your landlord/landlady. (In youth hostels and hotels this registration is carried out by the management when you check in.) A change of address also has to be reported to the registration office within 3 working days.

Please do not forget to inform the registration office when you leave Austria.

Attention: Nationals of EU/EEA countries and **Swiss nationals** have to apply additionally for a **confirmation of registration (Anmeldebescheinigung)** if they stay in Austria for more than 3 months.

Health Insurance for Students

Students admitted to an Austrian university or university of the arts or UAS degree programme as regular degree programme students may take out a **comprehensive health insurance** with one of the local public carriers (**Österreichische Gebietskrankenkasse**). This insurance is only available to Austrians and foreigners who have established a legal residence in Austria (and fulfil several requirements regarding duration of studies, change of study programmes, income, study programmes already completed).

Forms to apply for this insurance coverage are available at the respective **Gebietskrankenkasse** branch offices and the Austrian Student Union (ÖH – Österreichische Hochschülerschaft).

The **insurance premium** for this coverage currently amounts to **€ 24.42** (as of 2010) per month for students. Students can consult all physicians who have a contract with the **Gebietskrankenkasse**. Students from

EU/EEA countries who are in possession of a valid health insurance in their home countries need the ›**European Health Insurance Card**‹.

Students who do not meet these requirements have to take out insurance with private insurance companies or the local insurance carriers (**Gebietskrankenkassen**) themselves (higher premium)!

German Language and University Preparation Courses

The **main language** of instruction at Austrian universities and UAS is **German**, only a few programmes are taught in English, see: www.oead.at/international_programmes.

In order to be admitted to a degree programme you have to prove sufficient knowledge of German. At some universities you need proficiency in German corresponding to **level B2**, at others corresponding to **level C1** of the Common European Framework of Reference for Languages. There are different diplomas that are accepted, e.g. the ›**Österreichisches Sprachdiplom Deutsch**‹, Austria's officially recognised examination system for German as a foreign language with licensed examination centres all over the world: www.osd.at.

Please enquire **directly at the university** or UAS of your choice to find out whether or not the certificate / diploma you hold is also accepted as sufficient proof!

University Preparation Programmes Vorstudienlehrgänge of the OeAD

In addition many universities offer the possibility to attend language courses at the University Preparation Programmes (›**Vorstudienlehrgänge**‹) of the OeAD located in **Vienna, Graz and Leoben** (addresses see appendix). By attending these programmes students can **prepare for supplementary examinations** (e.g. in mathematics or German ...), which they have to take to be admitted to a degree programme.

Other institutions and organisations also offer a variety of German language courses for foreigners. For more information consult **Campus Austria**, the association of Austrian language schools:

Campus Austria | c/o WIHOK
Alser Straße 4 | 1st courtyard
1090 Wien/Vienna
info@campus-austria.at
www.campus-austria.at

Working in Austria

a) For students who are **EU or EEA or Swiss nationals** there are **no restrictions** concerning work in Austria as long as the fiscal and national insurance regulations are met.

Important exception: Students from Bulgaria, Estonia, Latvia, Lithuania, Poland, Romania, Slovakia, Slovenia, the Czech Republic and Hungary still need a work permit before taking up gainful employment (details see in the following).

b) Students from **third countries** need a **work permit** to work in Austria. The number of work permits is **limited**. This permit is to be obtained by the employer before the student starts working. The permit will only be granted for either **marginal part-time work** (minimum income worker) or for a **maximum of three months** during holidays. Work in the field of science and research or on the basis of a contract for work and labour (self-employment, ›Werkvertrag‹) (by which you are not fully employed and have to take care of your income tax and health insurance yourself) does not require a permit. Further information is available from the employment service (Arbeitsmarktservice / AMS www.ams.or.at). Please note that **your stay in Austria cannot be financed exclusively by such employment!** Your work must not compromise your studies. Non-compliance with these regulations may lead to expulsion from Austria!

c) In case your study plan recommends or requires the proof of a **vocational internship (Berufspraktika)** you will not need a working permit. A vocational internship is an employment (practical training) which is required by the study plan of an Austrian educational institution with public status. The employer has to notify (**Anzeigebestätigung**) the employment service (**Arbeitsmarktservice**) and the competent authority for taxes (**Abgabenbehörde**) at least 2 weeks before the beginning of the employment.

Further Information

The Austrian Student Union (**Österreichische Hochschülerschaft / ÖH**) is the **legal representative body** of all students in Austria: www.oeh.at

Social and cultural institutions as well as the public transport providers offer **reductions for students**. The Austrian Student Union (**Österreichische Hochschülerschaft**) informs students about these reductions and provides information about all matters concerning their studies.

The **University Sports Departments (USI – Universitäts-Sportinstitut)** offer a wide range of opportunities for practising sports at reasonable prices.

RESEARCHERS IN MOTION

Student Ombudsman

For general questions and individual problems related to studying or doing research at Austrian universities, universities of applied sciences or university colleges of teacher education as well as for several aspects of student life in Austria (entry and residence requirements, housing, etc.) a central student ombudsman office (Studierendenanwaltschaft) is available for Austrian and international students. Students can consult the webpage (www.diesan.at) or address individual enquiries or complaints to this office. Cases are dealt with free of charge and in full confidentiality.

Studierendenanwaltschaft

Minoritenplatz 5 | 1014 Wien/Vienna
Toll free telephone
(Mon–Fri 9 am–4 pm)
T 0800/311 650
san@bmwf.gv.at
www.diesan.at

Living Costs

In the following table you will find an estimate of the **monthly living costs for students** (in euros). These figures only serve as a guideline and cannot be seen as binding. Under accommodation costs a place in a **student hall of residence** has been used as the basis of calculation.

Accommodation (including heating and lighting)	€ 310
Food (excluding luxuries and tobacco)	€ 220
Studies and personal requirements (books, culture, recreation)	€ 270
Total per month	€ 800

Tuition Fees

Universities and Universities of the Arts

- For Austrian students and **students who have the same status as Austrians** (i.e. nationals of all EU and EEA member countries) and who have not exceeded the **minimum duration** of their study programme plus two semesters **no fee** is payable.
- For **all other students**, including stateless persons and those with unclear nationality: **€ 363.36** per semester.

- The **student union membership fee** ›ÖH-Beitrag‹ is **€ 16,50** per semester and is compulsory for all students.
- The **student accident insurance fee** is **€ 0.36** per semester (as at February 2009).

An **exemption from paying tuition fees is possible in special cases** (e.g. for participants in exchange programmes and university partnerships, students from the least developed countries). Students from other developing countries and Central and Eastern European reform countries may be exempted or apply for a full or partial refund of the tuition fees according to the universities' own rules. Further information is available at www.oead.at/studienbeitrag.

Universities of Applied Sciences (UAS)

are entitled to charge tuition fees of **€ 363.36** per semester. At present, however, not all institutions charge these fees.

In the case of **University Training Courses | University Level Courses** ›Universitätslehrgänge‹ | **Private Universities & University Colleges of Teacher Education** the **tuition fees differ** from one institution to the other and should be enquired about at the individual institutions.

Scholarship Programmes

Various scholarship programmes are offered by Austrian organisations.

Please note that there are hardly any scholarships for an entire study programme in Austria.

Please note that most grant / scholarship programmes do not permit gainful employment!

Unilateral Scholarship Programmes

With a number of **unilateral scholarship programmes** the Republic of Austria provides the possibility for foreign students, graduates, post-docs and university teachers to study or carry out research work at Austrian universities.

The most important of such scholarships are the following:

- **Ernst Mach Grant** (all fields of study),
- **Franz Werfel Grant** for young university teachers of German language and Austrian literature,
- **Richard Plaschka Grant** for university lecturers in the field of history who are primarily occupied with Austria-related topics,

- **appear – Austrian Partnership Programme in Higher Education and Research for Development**, 2010–2014; for selected master programmes and doctoral studies; only for ADC (Austrian Development Cooperation) key regions and priority countries in the South.
www.appear.at

ERASMUS

Join more than 4,000 Erasmus students who study in Austria every year! Erasmus is the **European flagship programme** for higher education and training, involving 34 countries. The programme supports studies & work placements for students as well as teaching & training for HEI staff. It is part of the EU Programme for **Lifelong Learning** which also provides funding for school education, vocational and adult education.
www.lebenslanges-lernen.at
www.oead.at/erasmus

CEEPUS

Students, post-graduate students and teachers from the countries participating in CEEPUS (Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Czech Republic, Hungary, the Kosovo, Macedonia, Montenegro, Poland, Romania, Serbia, Slovak Republic and Slovenia) have the opportunity to come to Austria in the **framework of existing networks** (or as Freemovers).
www.ceepus.info

Aktionen

There are **three bilateral ›Aktionen‹** between the **Slovak Republic**, the **Czech Republic**, **Hungary** and Austria providing scholarships as well as project-oriented support.

Joint Study Programmes

The universities have funds for Joint Study Programmes, university partnerships and short-term study grants abroad at their disposal.

For detailed information about these and other scholarships consult the **interactive online scholarship database GRANTS** maintained by the OeAD.

Musical Theatre Direction | Musiktheaterregie

Music Theory | Musikwissenschaft

BA Musicology | BA Musikologie

MA Musicology | MA Musikologie

Music Therapy | Musiktherapie

O **Oboe** | Oboe

BA Oboe | BA Oboe

MA Oboe | MA Oboe

Organ | Orgel

BA Organ | BA Orgel

MA Organ | MA Orgel

P **Percussion Instruments** | Schlaginstrumente

BA Percussion Instruments | BA Schlaginstrumente

MA Percussion Instruments | MA Schlaginstrumente

Performance Practice in Contemporary Music

MA Performane Practice in Contemporary Music

Piano | Klavier

BA Piano | BA Klavier

MA Piano | MA Klavier

Piano – chamber music | Klavierkammermusik

MA Chamber music for string instruments & piano

MA Kammermusik für StreicherInnen & PianistInnen

Piano – Vocal Accompaniment | Klavier-Vokalbegleitung
